

Danny Fiddo

Danny Fiddo's time in the Spanish electronic music scene is steeped in history and tradition. His years as resident of iconic Barraca club in Valencia coupled with over 15 years of playing experience prove that his personal style and touch remain as important and relevant as ever. Having played mainly throughout Spain and Europe, Danny has played alongside with artists such as Ricardo Villalobos, Richie Hawtin, Sven Väth, Carl Craig, Luciano, and many big names. All of whom have had added their touches of influence to his playing style and production ideas. Now sharing the studio with production partner AFFKT, Danny is quickly establishing his own name in electronic music. His first full release alongside AFFKT on the 'Barraca Music' label entitled 'Points' has been widely acclaimed; being loved and played by Richie Hawtin, Ricardo Villalobos, Luciano, Marco Carola, 2000 And One, Radio Slave, Loco Dice and many other big names in the DJ world. Not a bad achievement for someone's very first release in music. He is well respected as one of the most consistent and personable DJ's in Spain and is currently capping off a stellar 2008 schedule in both performance and production, which has included shows at Rex Club (Paris), Tresor (Berlin) alongside production partner AFFKT, Amnesia (Ibiza) Cocoon Disco Invaders 2008 alongside Ricardo Villalobos and Dandy Jack, Russia's largest club, Arma 17 (Moscow) and a forthcoming date is set at Weekend (Berlin) for February 2009. Danny's time is now...
